

# **SAC CORPORATION**

A Legacy of Steel, A Future of Strength

## ABOUT US

The roots of SAC Corporation go back to **1942**, when our parent company **Steel Kraft** was established. Over the decades, Steel Kraft became a trusted name in India's steel supply industry, catering to critical government and infrastructure projects.

**SAC Corporation** was formed as an **extension of this legacy**, bringing together decades of experience, technical expertise, and customer-focused execution. Today, SAC specialises in the **manufacturing and supply of ERW Pipes, Spiral Pipes, and CSAW Pipes**, along with customized solutions for infrastructure, utilities, and industrial applications.

With a strong focus on quality, timely delivery, and technical compliance, SAC continues to serve government bodies, EPC contractors, and leading developers across India.

## ERW Pipes

Range: 15 NB to 600 NB

Special Thickness Offered:

300 NB × 3 mm

350nb - 3.6mm

400nb - 4mm

450nb - 4mm

## Spiral Pipes (HSAW)

Range: 400 NB to 3000 NB

Special Thicknesses Offered: 400–700 NB × 4 mm

## CSAW Pipes (LSAW)

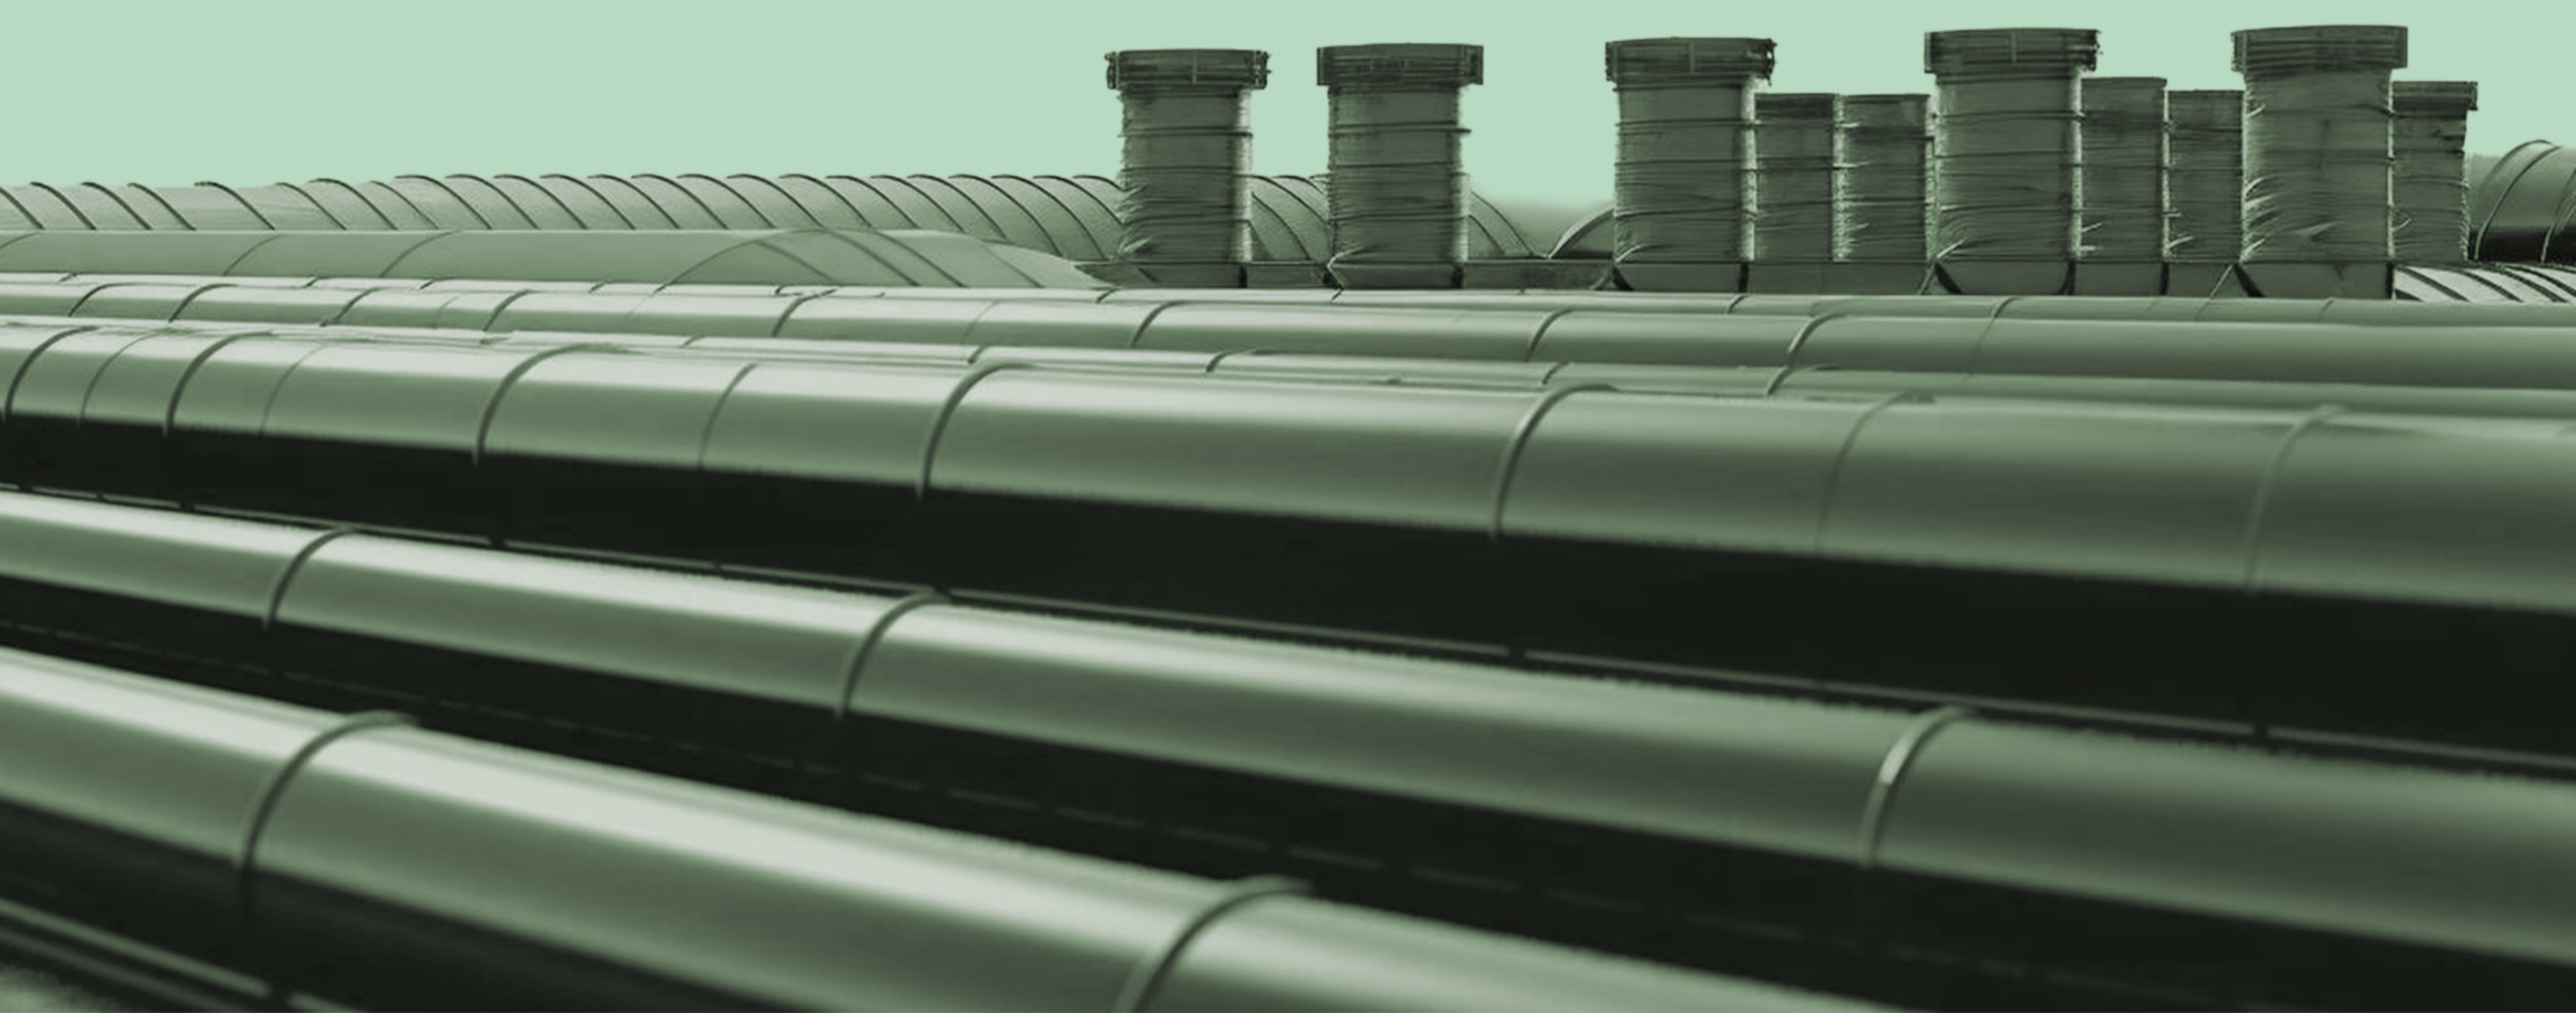

Range: 350 NB to 4500 NB

Special Thickness Offered: 700–1000 NB × 4.5 mm

Range: 400 NB – 4000 NB

Special Thickness Offered: 3–30mm

**Note- General Thickness Range: 1 mm – 25 mm**

# THE SAC DIFFERENCE

## What Sets Us Apart

### ON-SITE MANUFACTURING

SAW pipe plant setup for bulk orders over 2,000 MT.

### UNBEATABLE PRICING

Rare sizes, custom coatings, and competitive costing.

### FLEXIBLE QUANTITIES

From single-piece dispatches to large consignments.

### SPEEDY DELIVERIES

Emergency orders fulfilled in days, even single units.

### TECHNICAL ASSURANCE

Pipes tested by SGS, RITES, WAPCOS, NABL-approved labs.

# APPLICATIONS

## SERVING DIVERSE SECTORS

### Water Supply & Sewerage Projects

(JJM, Jal Nigam, CIDCO, BWSSB, KWA, MJP)

### Infrastructure Development

(PWD, KIADB, Industrial Zones, Smart Cities)

### Oil & Gas

(ONGC, HPCL projects, pressure pipelines)

### Power & Utilities

(Thermal plants, chemical plants, firefighting systems)

### Industrial Use

(Steel plants, automotive, fabrication)

# MANUFACTURING CAPABILITIES & PRESENCE

**Robust Capabilities. Nationwide Presence.**

## Manufacturing Capacity

- Annual Capacity: 2,50,000+ MT
- Monthly Capacity: 25,000+ MT overall
- Per Factory Output: 3,000 MT per month per project
- Maximum Dispatch in a Day: ₹10 Cr+

## Pipe Manufacturing Locations

- Spiral Pipes (HSAW): Tamil Nadu, Karnataka, Gujarat, Madhya Pradesh, Orissa, Rajasthan
- CSAW Pipes (LSAW): Hyderabad, Mumbai
- ERW Pipes: Uttar Pradesh, Tamil Nadu, Gujarat, Chhattisgarh

## Quality Control & Testing

- Level 4 certified QC team
- NABL-approved labs with full testing capabilities:
  - Radiography (RT)
  - Ultrasonic (UT)
  - Hydrotest (Water Pressure Holding)
  - Tensile Strength & Yield Strength
  - Chemical Analysis
- Third-party inspections from EIL, WAPCOS, Dr. Amin, RITES, SGS

# QUALITY & COMPLIANCE

## Assurance in Every Pipe

Conforms to **IS, ASTM, API, EN** standards

**In-house quality** checks for every pipe

Approved by **third-party inspections** (SGS, Dr. Amin, RITES, WAPCOS)

**NABL-accredited** testing available on request

**Full documentation support** for government approvals

# CLIENT PORTFOLIO & TESTIMONIALS

## Our Esteemed Clients

### GOVERNMENT BODIES

Delhi Jal Board, CIDCO, UP Jal Nigam,  
PWD, KNNL, BWSSB, KIADB, KWA, MJP

### INTERNATIONAL PROJECTS

Export consignments with Nepal  
quality assurance approvals

### DEVELOPERS & EPCS

L&T, Tata Projects, Shapoorji Pallonji,  
Adani, Reliance

## WHAT OUR CLIENTS SAY

"SAC Corporation ensured timely delivery and great execution for our projects." – **KNNL, Karnataka Government**

"The team displayed technical precision and professionalism, meeting stringent inspections." – **Delhi Jal Board**

"With quality assurance and reliable order management, SAC has been a dependable partner." – **JJM, Central Government**
